

# AHAVAHPREM SOFTWARE CORPORATION

Enterprise Cloud Migration, Modernization, and Secure Architecture

UEI: RMHFBDTM4E28 | CAGE: ODCQ8 | SAM Active | SBA Small Business | CA SB (Micro) Certified

## CORE CAPABILITIES

### Cloud Migration & Modernization

- Cloud readiness assessments and migration strategy development
- Legacy system migration to AWS and hybrid cloud environments
- Cloud landing zone design and governance implementation

### Cloud Architecture & Security

- Design of secure AWS cloud architectures
- Identity, network, and security architecture implementation
- Security monitoring, logging, and compliance alignment
- Zero Trust aligned infrastructure design

### Application Modernization

- Modernization of enterprise Windows and Linux application environments
- Refactoring and replatforming legacy enterprise applications
- Containerization strategies and DevOps integration
- Modern software architecture implementation

### Cloud Operations & Optimization

- Infrastructure automation and scalable deployment strategies
- Cost optimization and FinOps governance
- Performance monitoring and system optimization

## RELEVANT NAICS CODES

541512 — Computer Systems Design Services  
541511 — Custom Computer Programming Services  
541513 — Computer Facilities Management Services  
541519 — Other Computer Related Services  
518210 — Data Processing, Hosting, and Related Services  
541715 — Research and Development in the Physical, Engineering, and Life Sciences  
513210 — Software Publishers

## DIFFERENTIATORS

- Founder-led technology company with 30+ years of enterprise software engineering experience supporting global enterprise environments.
- Focused expertise in cloud modernization, enterprise software engineering, and systems integration
- AWS partner ecosystem access supporting cloud migration and modernization initiatives
- Strategic technology partnerships enabling scalable delivery for enterprise and public sector projects
- Lean delivery model providing direct technical leadership and rapid execution

## PARTNERSHIPS

- **Amazon Web Services (AWS)**  
Cloud architecture, modernization, and migration enablement.
- **TD SYNEX Public Sector**  
Technology enablement and cloud infrastructure delivery ecosystem.

## COMPANY OVERVIEW

AhavahPrem Software Corporation is a technology services company specializing in enterprise software engineering, cloud modernization, and secure systems integration. The company supports commercial and public sector organizations in modernizing legacy systems and implementing scalable, secure cloud architectures.

AhavahPrem provides structured modernization services including cloud readiness assessments, migration strategy development, enterprise application modernization, and secure cloud infrastructure deployment. The company focuses on building reliable, scalable technology platforms that improve operational efficiency and enable organizations to transition from legacy infrastructure to modern cloud environments.

## RELEVANT EXPERIENCE

- **Enterprise Software Engineering -**  
Development and support of large-scale enterprise platforms and backend systems supporting organizations such as **Zurich, AIG, and MetLife.**
- **Systems Integration & Infrastructure Engineering –** Integration of enterprise systems, telemetry platforms, and high availability infrastructure environments.
- **Cloud Architecture & Data Platforms –** Design and deployment of secure cloud and hybrid infrastructure supporting scalable enterprise data platforms.
- **Enterprise Technology Modernization –** Modernization of legacy enterprise systems improving reliability, scalability, and operational efficiency.
